Vision

VISION

To Build the Institute with
Excellence in Homoeopathic
education,

Research, Services for
a better tomorrow.

MISSION

MISSION

1. Developing Model Institute giving Homoeopathic education.
2. Generating Human values in the minds of students.
3. Research based Services for the mankind.

e BROCHURE

ABOUT US:

We are improving the built and social environment through our students by health restoring and improving the resilience of communities to natural and man-made disasters.

We have improved the quality of life of people by developing self-management approaches with health professionals.

Research Centre is aimed at transforming the students with vibrant ideas into young entrepreneurs. We support the ideas of the students, and help them to nourish those ideas into effective action plans. We help them during the process, and provide them with the required support at any point of time.

Our research Centre start at 2017 -2018 as a fulfill Centre. in which students will do their project work that may be from our field or from other.

In 2017 our student research was shown to be nationally excellent, with notable research.

Onward we step up and start many projects.

Dr. R. S. GUNJAL

Principal

MHF'S Homoeopathic Medical College, Sangamner

Our Proud

Our Proud

The image shows a student's project display for the topic 'आधुनिक कृषिपत्र' (Modern Agriculture). The student, a young man with a mustache wearing a patterned shirt, stands behind a table. On the table is a small-scale model of a vehicle, possibly a tractor or a small truck, equipped with a camera mounted on its roof. Various tools, including a ruler and a screwdriver, are also on the table. The background features a large project board with text in Marathi, a bar chart, and several photographs related to modern agriculture. The board is titled 'आधुनिक कृषिपत्र' and includes sections for 'प्रस्तावना' (Introduction), 'उद्देश्य' (Objective), 'प्रकार' (Type), and 'प्रकार' (Type). The text describes the importance of modern agriculture in India and the role of technology in improving productivity. The board also includes a bar chart showing the growth of modern agriculture in India and several photographs of modern agricultural machinery and techniques. The student is standing next to the board, which is titled 'आधुनिक कृषिपत्र'.
